

Learning Log: Think about data in daily life

Instructions

You can use this document as a template for the learning log activity: Think about data in daily life. Type your answers in this document, and save it on your computer or Google Drive.

We recommend that you save every learning log in one folder and include a date in the file name to help you stay organized. Important information like course number, title, and activity name are already included. After you finish your learning log entry, you can come back and reread your responses later to understand how your opinions on different topics may have changed throughout the courses.

To review detailed instructions on how to complete this activity, please return to Coursera: [Learning Log: Think about data in daily life](#).

Date: <enter date>	Course/topic: Course 1: Foundations: Data, Data Everywhere
	Learning Log: Think about data in daily life
Everyday data	<p>Create a list of at least five questions:</p> <ol style="list-style-type: none">1. What's the best time to get up?2. How long does it take for me to go to work everyday?3. How many cups of coke zero do I drink each day?4. What flavor of ice cream is my girlfriend - Jowee's favorite?5. How many hours of sleep do I get each day? <p>Now, select one of the five questions from your list to explore. <i>Selected question: Type your response here</i></p>
Reflection:	Write 2-3 sentences (40-60 words) in response to each of the questions below.
Questions and responses:	<ul style="list-style-type: none">• What are some considerations or preferences you want to keep in mind when making a decision? <i>Do I go to work by train or tram or just walking? If I take public transport, should this also include waiting time? Is public transport sometimes out of service? How long will it take to walk from my home to the stop of public transport?</i>• What kind of information or data do you have access to that will influence your decision? <i>Decision about taking public transport or walking. Time from home to the stop of public transport. Waiting time. Time that I spend on public transport.</i>• Are there any other things you might want to track associated with this decision? <i>Is there any other thing that will affect me going to work, like if public</i>

	<i>transport is out of service?</i>
